<u>Link Your Membership to Your Online Tee Booking Account</u>

You now need to link your golf club membership so that you do not get charged for tee times.

You will need the original email that was sent to you when we first started online tee bookings. If you no longer have this email please contact the club and ask for it to be re-sent.

The email will look similar to the below;

If you have not received it, please check your junk folder.

In your tee booking screen, click on the menu button at the top left corner.

Click 'Activate Membership'
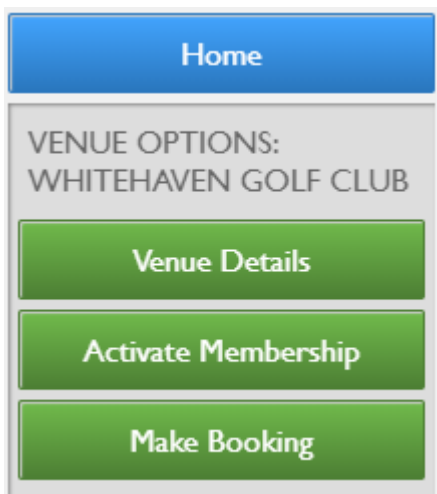

Enter the one-time user name and password that is at the bottom of the registration email. Please note this user name and password is for validation only and is not to be used to log into the online tee booking.

Validation Details:

Username :
Password :

You will see the prompt 'Your registration was successful'. You can then use the menu in the top left hand corner to navigate the site and make bookings and you will not be charged.

If you receive the message 'Those details are already in use by another player' this means you have previously registered with the online tee booking and linked your membership to that registration. You will need to logout of the online tee booking and use your previous login details. If you do not know these use the 'FORGOTTEN MY DETAILS' button (see separate instructions).
